

Come and join an award winning, fast-growing global financial technology company. We offer excellent benefits and opportunities to advance and learn alongside accomplished business and technology leaders.

Job title: Implementation Consultant
Department: Professional Services
Salary: Competitive
Location: Hong Kong

Job Description:

This is an exciting opportunity for an experienced implementation consultant to join our dynamic, fast-growing and fun team in our Hong Kong office.

You will be working as part of a team focused on new client software implementations. Your responsibility will be to gather technical requirements and configure and deploy our software platform, Inferno, to meet those requirements. You will be working with the client to deliver business value through the lifecycle of a project.

You are hard working and motivated with a logical mindset that combines deep analytical skills with the ability to work in a fast paced customer driven environment. You have a proven track record of business analysis in a finance/banking environment, and are comfortable installing and configuring complex software on the client site.

Skills and Aptitude:

- Experience of installing and configuring complex software at a client site
- Proven track record of business analysis in a finance/banking environment in the post-trade space
- Experience of dealing with third party vendors (exchanges / CSDs / regulators etc)
- Knowledge of Settlement, Accounting and Back Office processes
- Experience with GLOSS, RIMS, NOVA, Eclipse, Calypso, Murex or similar systems a plus
- Familiarity with scripting languages (preferably Python) and the Unix command line
- Knowledge of SQL (Oracle preferred), XML
- Relevant technical experience
- Ability to process and summarise large quantities of technical detail, and learn quickly
- Good presentation skills
- Eloquent, persuasive and well turned out
- Fluent in spoken and written English

About Torstone Technology:

Torstone is a leading global provider of cross-asset post-trade securities and derivatives processing technology. We simplify the complexities of the post-trade landscape, by combining many decades of investment banking expertise with in-depth global financial market knowledge, to deliver an innovative, secure and scalable solution. Our modern, cloud-based, fully integrated technology platform enables our customers to spend less time on manual processing and maintaining regulatory compliance, and more time focusing on their business and their clients. Our aim is to help our customers drive revenue and greater operational efficiency, while reducing risk and enhancing business performance.

Headquartered in London, Torstone has offices in New York, Hong Kong, Singapore, and Tokyo. We have a strong team of 70+ employees, servicing our growing global client base.
